NOTES

- Each examination period is two hours in length and begins at the time designated at the top of each column above. To accommodate students who may be sharing computers with family members, have internet connectivity issues, or have an alternative work schedule due to COVID-19, instructors may wish to **provide a 24-hour period, concluding at the end of their final exam time, for students to begin an exam**. It is recommended, however, that once students begin their exam that they have no more than two hours to complete it (except in cases of accommodations resulting from ADA).
- Examinations must be given online unless a change is arranged in advance by the instructor through the Dean.
- The following courses do not have final exam times set in the schedule above: all courses that were designated online from the start of the semester; courses meeting at locations other than the Brunswick campus and the Camden Center; and courses with prefixes JOUR, CCGA and PHED activity courses, support classes, and science labs. Examinations for these courses will be at a time set by the instructor and approved by the appropriate Dean.
- Every student should read the *CCGA Catalog* and the course syllabus for regulations concerning make-up of final exams.
- In the event of campus closure, this schedule may be updated. Students should refer back to the [Final Exam website](#) and check with their instructor before finals week.
