NOTES

1. To accommodate students who may be sharing computers with family members, have internet connectivity issues, or have an alternative work schedule due to COVID-19, instructors may wish to provide the full 24-hour period, on the day specified above, for students to begin an exam. It is recommended, however, that once students begin their exam that they have no more than two hours to complete it (except in cases of accommodations resulting from ADA).
2. Every student should read the *CCGA Catalog* and the course syllabus for regulations concerning make-up of final exams.
3. This schedule does not include eCore or eLanguage courses.
4. In the event of campus closure, this schedule may be updated. Students should refer back to the [Final Exam website](#) and check with their instructor before finals week.
