Here are some upcoming events:

1. **Vaccination Opportunities**: The College will continue to promote vaccination opportunities. Students and employees who have been vaccinated against the virus and show no symptoms are not required to quarantine if they have been fully vaccinated. Students and employees who have not been vaccinated are required to quarantine if they have been in close contact with someone who has COVID-19.

2. **Social Distancing and Face Coverings**: Vaccinated individuals are encouraged to maintain social distancing (at least 3 feet) and continue to wear a face covering in public settings. Unvaccinated individuals should continue social distancing (at least 3 feet) and continue to wear a face covering.

3. **Johnson and Johnson**: The Johnson and Johnson single-dose vaccine is now available on campus for individuals who wish to receive a one-dose vaccine.

4. **Essay Competition**: The David Cowan Scholarship is a very competitive scholarship. Only eight scholarships are awarded to students enrolled in health information technology or health informatics programs. Applicants submit an essay that focuses on the area of health information management or health IT, and demonstrates a commitment to the future of health information. The essays are graded individually for a maximum of 100 points by a review committee. Essays need to receive a minimum of 80 points in order to be considered for the scholarship.

5. **Event for College Alumni**: The College will host an event for its alumni to celebrate the achievements of the College. Attendees will have the opportunity to reconnect with old friends and learn about the latest developments at the College.

6. **Graduation Celebration**: The College will host a graduation celebration for its spring and fall graduates. Family members and friends are invited to attend the celebration and celebrate the achievements of the graduates.

7. **Juneteenth Observation Event**: The College will host a Juneteenth observation event hosted by the Office of Diversity & Inclusion. Follow @ccga_diversity on social media for more details.

**Healthy Graduation Ceremonies**

The College will host graduation ceremonies that are safe and socially distant. The ceremonies will take place outdoors, and strict social distancing guidelines will be in place. Only vaccinated individuals are allowed to attend the ceremonies, and all attendees are required to wear a face covering.

**Stay in Touch**

We would love to stay in touch with you. Please tell us about yourself and what you have been up to after college. Update your contact information here: [Log in](#).

**Mark Your Calendar!**

There is always something going on at the College of Coastal Georgia. From campus events to community service days, there is always something to do. Check out our calendar for the latest updates.

**ELEVATE**

**The Mariners’ Log**

Charting the Course Since 1961

Red Hat Mariners Win Sun Conference Tournament Title

The Red Hat Mariners won the Sun Conference Tournament title, extending their winning streak to 11 games. The Mariners have won a conference tournament title for the first time in the team's 11-year NAIA history. With this win, the Mariners have clinched a bid to the NAIA National Tournament.

In addition to clinching their first tournament title, the Mariners have also set a new record in Coastal Georgia history. The Mariners have won 10 games in a row during the 2017 season.

Asanion was very surprised that he won. He was shocked that he was chosen out of thousands of alumni to win the scholarship, which is awarded to one of the best nursing programs in Georgia. Asanion said he was drawn to the College because of “its great tuition rates, and reputation of having one of the best nursing programs in Georgia.” His goal is to make the most of his degree in the health informatics field.

Asanion, who is originally from the San Francisco Bay Area in California, moved to the College of Coastal Georgia region from the San Francisco Bay Area in California because of “its great tuition rates, and reputation of having one of the best nursing programs in Georgia.”

The Mariners' success is the result of a blended career and academic advising model that is started on day one of the student journey. This model allows students to find solutions for real world problems; student development programs; research that allow students to get a real-world experience; leadership that allows students to get experience in their field; and impact practices; service learning and undergraduate research that allow students to get a real-world experience.

**COVID-19 UPDATE**

While many of the details are still to be determined, the College has received updated COVID-19 guidance from the University System of Georgia (USG) for Fall 2021 in accordance with the most recent recommendations from the Centers for Disease Control and the Georgia Department of Public Health.

To the extent possible, the College will promote a safe and healthy environment for all members of the college community. This includes requiring all students, faculty, staff, and visitors to be vaccinated against COVID-19 or have a valid exemption. Masking will continue to be required in all indoor settings where social distancing is not possible.
