

June 1, 2015

Dr. Gregory F. Aloia
President
College of Coastal Georgia
One College Drive
Brunswick, GA 31520-3614

Dear Dr. Aloia:

Thank you for your letter of January 23, 2015, providing notification that the College will offer the Bachelor of Science in Interdisciplinary Studies, effective fall 2015.

With the exception of two new courses, the 120 hour program will consist of existing classes offered in approved programs. The program will have concentrations in communication, business, science, technology, education, social science, and culture based on existing classes and consolidating existing programs.

Because the new program consists primarily of existing courses in approved programs and will require no new faculty members or other resources, it is not considered to be a substantive change requiring approval.

We acknowledge the information and will add it to our files.

Best regards,

Belle S. Wheelan, Ph.D.
President
