Dear Dr. Wheelan:

This letter comes to you as notification that the College of Coastal Georgia recently renamed its Bachelor of Science with a major in Public Affairs to a Bachelor of Science with a major in Public Management. The renaming better aligns with the curriculum of study, major content, and established concentrations.

All Bachelor of Science with a major in Public Management program and curriculum requirements remain the same; the change is in name only.

Please see the enclosed letter from the University System of Georgia approving the program's renaming.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Gregory F. Aloia, Ph.D.
President
