Dr. Michelle R. Johnston
President
College of Coastal Georgia
One College Drive
Brunswick, GA 31520

Dear Dr. Johnston:

Thank you for submitting the following substantive change:

Substantive change:
Not Elsewhere Categorized
Submission date:
9/11/2019
Implementation date:
8/3/2020
Case ID:
SC007942

The College of Coastal Georgia will implement a new Bachelor of Science (B.S.) degree program in Data Science with concentrations in Computational Data Analytics, Healthcare Analytics, Financial Analytics, Marketing, and Entrepreneurship. The new program represents a repackaging of existing curriculum within the current baccalaureate degrees in Mathematics, Business Administration, and Health Informatics, with only a few new courses added to the curriculum. The Board of Regents of the University System of Georgia approved the new program on August 19, 2019. Since, for the most part, the program comes from existing courses, it does not represent a significant departure from approved programs.

We acknowledge the information.

Should you need assistance, please contact Dr. Nuria M. Cuevas at 404-679-4501 or via email at ncuevas@sacscoc.org.

Please include the Case ID number above in all submissions or correspondence about this substantive change.

Dr. Michelle R. Johnston
