

## Associate of Science in Radiologic Science APPLICATION

Deadline for 2019 Cohort: **March 15, 2019**

### Instructions

1. Complete a College of Coastal Georgia Application and complete all college admission requirements.
2. Complete a Radiologic Science Program **Application**.
3. Complete the **HESI A2** test by March 15th. Request copy of HESI A2 to be submitted to the School of Nursing & Health Sciences if test taken other than CCGA from <http://evolve.elsevier.com>
4. Pay attention to due dates. The deadline for submission and/or postmark of the Radiologic Science Application AND all Official documentation and/or transcripts from other institutions is March 15<sup>th</sup>. All interested students must submit a new application each year.
5. With application, submit signed **Health Insurance Requirement Form** and **Performance Standards (Core Essentials) Form**.
6. Letters of program status (acceptance or denial) will be mailed to all candidates in April. Please do not call our offices in regard to individual status as officials do not discuss this matter over the phone prior to the sending of letters.
7. Attend the first CCGA orientation session offered after you are accepted to CCGA. Please do this to ensure that you have all the pertinent information about college policies and to ensure timely registration for the classes you desire.

### Radiologic Science Program Specifics

1. The Radiologic Science class accepts “new” students each Spring..
2. The deadline for applying to the program for the Fall is March 15th.
3. A Radiologic Science major may begin core curriculum classes any semester desired.
4. The core classes required for Radiologic Science:
  - ◆ English 1101 with a grade of “C” or better
  - ◆ Humanities Elective (Area C Elective)
  - ◆ Math 1001 or Math 1111 (if both classes are completed, the most recent grade will be used for program admission ranking) with a grade of “C” or better
  - ◆ Biology 2110 and Biology 2111 (or equivalent) with a grade of “C” or better in each course
  - ◆ Psychology 1101
  - ◆ History 2111 or History 2112
  - ◆ Political Science 1101
  - ❖ Students are encouraged to complete ALL core prior to beginning the Radiologic Science courses.
5. Students must have a minimum overall GPA of 2.5. The overall GPA includes all unadjusted transfer and unadjusted institutional grades.

## Associate of Science in Radiologic Science APPLICATION

Deadline for 2019 Cohort: **March 15, 2019**

DATE: \_\_\_\_\_

CCGA Student ID#: \_\_\_\_\_

Full Name: \_\_\_\_\_  
last middle first

Date of Birth: \_\_\_\_\_ Email Address: \_\_\_\_\_

Telephone: Home/Cell \_\_\_\_\_

**The above information will be used for communicating with you. Please report any changes immediately to the School of Nursing and Health Sciences (912) 279-5860 or (912) 279-5870. Be sure the Registrar's office also receives these changes.**

Have you ever attended a radiologic science program? Yes \_\_\_ No \_\_\_

If yes, where: \_\_\_\_\_ Date attended: \_\_\_\_\_

Do you hold or have you ever held any Health related license or certification?

Yes \_\_\_ No \_\_\_

License/Certificate Number: \_\_\_\_\_

Do you hold a degree? Circle all that apply: Associate    Baccalureate    Master

**American Registry of Radiologic Technologists (ARRT) Ethics Requirements:**

<https://www.arrt.org/students-of-the-profession/requirements/ethics>

Individuals who have been involved in a criminal proceeding or who have been charged with or convicted of a crime must file a request for an Ethics Pre-Application Review with the American Registry of Radiologic Technology (ARRT), the credentialing agency for radiologic technologists. All offenses must be reported regardless of how long ago they were committed. The Ethics Pre-Application Review and the appropriate non-refundable fee are to be submitted to the ARRT. **This is the student/applicant's sole responsibility.** The ARRT Ethics Committee will contact the student in regard to the Pre-Application Review decision. **A copy of the final decision from the ARRT must be presented to program officials no later than the first day of enrollment in the Radiologic Science Program.** STUDENTS WHO DO NOT POSSESS A FINAL ARRT PRE-APPLICATION REVIEW DECISION ON THE FIRST DAY OF ENROLLMENT IN THE RADIOLOGIC SCIENCE PROGRAM WILL BE IMMEDIATELY DISMISSED FROM THE PROGRAM. **Students are advised that the ARRT Pre-Application Review process can take up to 12 weeks to be completed.**

---

**Criminal background checks and/or drug testing may be required by individual clinical sites. The cost will be the responsibility of the student. Denial to a clinical site as a result of the check/testing could result in dismissal from the program.**

**Have you ever had a charge or conviction, a plea of guilty, or a plea of nolo contendere (no contest) to an offense that is classified as a misdemeanor or felony? (This includes a situation in which the result is deferred or withheld adjudication, suspended or stay of sentence, or where the individual enters into a pre-trial diversion activity. Military court-martials are also included.)**

**Yes No (please circle one)**

I certify that the above answers are correct to the best of my knowledge. My signature is verification that I have read, understand, and agree to abide by all rules and regulations as stated in the application. I understand that if I have been charged or convicted of a crime I could be ineligible for the ARRT Registry Examination even if I successfully complete the CCGA Radiologic Science Program. I further attest to my willingness to accept any consequence that can occur as a result of my deliberate misrepresentation or withholding of information.

**COLLEGE OF COASTAL GEORGIA**  
**Notification of Health Insurance Requirements**  
**for Student Practice at Certain Clinical Sites**

While the College of Coastal Georgia encourages that all students have health insurance coverage to promote optimal health and wellness outcomes, the College does not require students to have health insurance as a condition of enrollment. However, students who are pursuing a degree in a health science or related clinical or pre-medical field *may* be required by certain clinical practice sites to have health insurance. You are receiving this notification and acknowledgement of responsibility because you are a student enrolled in a course of study that *may* require you to train at a clinical practice site which requires health insurance coverage of its employees and student trainees.

**Acknowledgment of Responsibility**

As a student at the College of Coastal Georgia, I understand that I am enrolled in a course of study that will require my participation in one or more clinical training programs at a hospital or health care facility. I have been advised that while working in such an environment every effort will be made to protect me, however, it is possible that I may be involved in an accidental injury or be exposed to illnesses and diseases that might require medical treatment. For this reason, many hospitals and health care facilities providing clinical rotation opportunities require students to have comprehensive sickness and accident health insurance coverage equivalent to that carried by their employees. These institutions may request me to provide proof of my healthcare coverage.

I understand that if I do not maintain healthcare coverage while enrolled in a course with a clinical component, or if I am unable to provide proof of coverage, I could be removed from the clinical rotation, which would result in my being removed from the program and failing the course. I also understand that health insurance coverage is important, because if I am injured or become ill as a result of my clinical rotation, any costs for medical treatment will be my sole responsibility.

**I have read and understand the college health insurance advisory above. My signature is proof of my commitment to obtain and maintain health insurance coverage should the college or a clinical site require it.**

Signed: \_\_\_\_\_ Date: \_\_\_\_\_

\*Students who need access to health insurance coverage should consult the student handbook and/or request information from the School of Nursing and Health Sciences or the Office of Student Affairs. Group health insurance is available for individual, voluntary purchases through a number of student professional associations as well as the University System of Georgia.
