Policy: Timely Warning

Policy Statement

The College of Coastal Georgia (“Coastal Georgia”) is committed to maintaining a safe and secure environment for its faculty, staff, students, and visitors by maintaining Clery Act compliance. Coastal Georgia will alert the campus community about Clery crimes that occur in the Clery geography either on or near the Brunswick campus or Camden Center in which a situation arises that the institution considers an ongoing or serious threat to the safety of students or employees. For this policy, “timely” means as soon as reasonably practicable after a reported incident. Coastal Georgia may, in certain instances, issue a Timely Warning when there is a series or pattern of criminal behaviors against persons or property that may threaten the campus community.

Reason for Policy

This policy aims to ensure the issuance of timely warnings regarding crimes posing a serious or ongoing threat to the campus community; it complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 U.S.C. § 1092[f]), commonly referred to as the Clery Act.

Additionally, this policy aligns with the Federal Department of Education *Handbook for Campus Safety and Security Reporting*: <https://www2.ed.gov/admins/lead/safety/campus.html>

Entities Affected by This Policy

The scope of this policy applies to the Brunswick campus and the Camden Center. Offices and individuals with significant responsibility for student and campus activities (outside of the Department of Public Safety) affected by this policy include, but are not limited to, the Dean of Students, the Director of Athletics, Athletic coaches, faculty and staff advisors to student organizations, the Director of Residence Life & Housing, Resident Assistants, and the Title IX Coordinator.

Who Should Read This Policy

All College staff, faculty, and students on the Brunswick campus, Camden Center, and, particularly, employees designated as Campus Security Authorities (CSAs) who promptly report Clery Act crimes to the Department of Public Safety.

Overview

Each reported incident is reviewed and evaluated on a case-by-case basis immediately after the Department of Public Safety is notified. Issuing an alert is contingent on accurate facts concerning the incident. Once the initial crime report has been received, the Public Safety Team (“Team”) will be contacted to share information about the crime and potential threats to safety that may exist in connection with the crime. Criteria to be evaluated include the nature of the crime, continuing danger to the campus community, and the risk of compromising law enforcement efforts. The Team will determine when a Timely Warning should be issued and the content of the warning.

Timely Warning Types

Blanket Warnings

Timely warnings to alert the campus of a crime that affects the **entire campus**, resulting in an “All Faculty, Staff & Students” email notification and Nixle alert; posting to the Coastal Georgia website, on one or more of the institution’s social media sites; and by posting notices in residence halls and other common spaces on campus.

Targeted Warnings

Timely warnings are shared with **specific employees and/or students** who may be affected by a crime and used when it is determined that a Blanket Warning is not necessary or appropriate. Depending on what portion of the campus community receives a Targeted Alert, a designated member of the Public Safety Team will issue a Nixle notification.

Notice Contents

A Timely Warning includes information deemed appropriate based on the specific facts and circumstances in each situation and usually contains the following information:

- The type or classification of the reported incident;
- A concise statement of the incident;
- The date, time, and location of the incident, if available;
- Possible connection to previous incidents, if applicable;
- Detailed physical description of the suspect, if available;
- Other relevant and important information about the crime or incident;
- Date and time the Public Safety Notice was released; and
- As appropriate, information on crime prevention, personal safety, or other community safety resources.
- Status updates on the crime/incident resolution will be similarly disseminated and updated as soon as possible if deemed appropriate.

Responsibilities

The decision to issue a Timely Warning is made in coordination and consultation by the Public Safety Team based on the facts surrounding the incident. The Team is aided by the Timely Warning/Emergency Notification Decision Matrix published by the University System of Georgia (USG) Board of Regents Police Department to determine Timely Warnings.
