GUIDING STUDENTS TO SUCCESS

“We witness firsthand the College of Coastal Georgia’s profound influence throughout our community. The College enriches minds and fuels the engine of our local economy, contributing more than \$500 million in impact over the last five years. We’re both involved in business development in Coastal Georgia, and we wholeheartedly agree that the College is so much more than an educational institution. It’s a driving force for positive change and prosperity for all of us.”
